

banqueta **Cloud Galaxy**

Cloud Galaxy stool

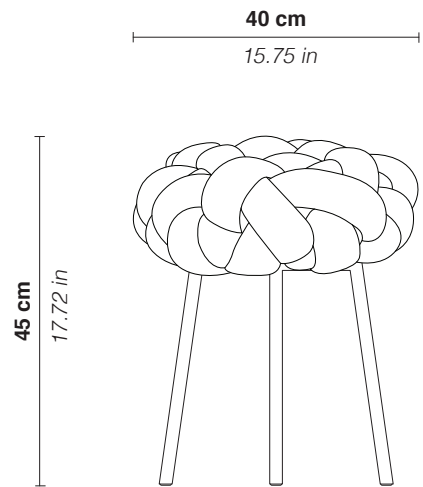

banqueta cloud galaxy / cloud galaxy stool

Criada a partir do entrelace de tiras de espuma revestidas de tecido, a coleção Galaxy é desenvolvida em torno do conceito de tramar. Revestidas em jacquard Kvadrat Galaxy, as banquetas são produzidas manualmente e a ordem das fitas de tecido é aleatória e irregular, o que agrega um caráter único às peças.

Made from the interweaving of fabric-covered foam strips, the Galaxy collection is developed around the concept of weft. Covered in Kvadrat Galaxy jacquard, the stools are hand-crafted and the order of the fabric ribbons is random and irregular, which adds a unique character to the piece.
